

The background of the entire page is a marbled pattern in shades of blue, white, and light yellow. The pattern is organic and fluid, resembling natural stone or liquid paint. It is more dense and vibrant in the top and bottom corners, fading into a lighter, more ethereal blue in the center where the text is located.

SANITARYWARE

Our sanitary ware collection boasts a wealth of beautiful curves and soft square profiles, adding a touch of elegance to any contemporary bathroom design.

RIMLESS FLUSHING

Rimless toilet: traditional flush rims attract germs, dirt and deposits.

Each LETOP Rimless Toilet is designed entirely without a flush rim, so there are no hidden, hard-to-reach places where bacteria can build up and odour can develop.

DOUBLE-SHIFT WATER OUTLET

The design of the 3/4.5L double-shift water outlet not only ensures a thorough clean, but it also saves water

WHOLE-SEWER GLAZING

The inner surface of sewer is completely glazed, ensuring that there is nowhere for dirt to hide, minimising the chance of blockages.

RIMLESS TOILET

Traditional flush rims attract germs, dirt and deposits. Each LETOP Rimless Toilet is designed entirely without a flush rim, so there are no hidden, hard-to-reach places where bacteria can build up and odour can develop.

EASY TO CLEAN GLAZING

The smooth surface of the porcelain glaze has been specifically designed to be easy to clean, with no hidden or hard-to-reach places where bacteria can build up.

SOFT CLOSE SEAT COVER

A built-in damper reduces the impact and noise made by the seat cover when it's closed.

EASY ASSEMBLY & DISASSEMBLY

The design of easy assembly & disassembly is excellent. A slight twist can ensure easy cleaning of the toilet.

ANTIBACTERIAL PIPES

While our Maxidrain pipes are designed to self-drain - or are automatically blown out in spa systems - our antibacterial pipework provides added peace of mind. The built-in antibacterial additive remains effective for the lifetime of the bath. For optimal performance and cleanliness, we recommend using our Whirlpool cleaner regularly to keep your whirlpool system in peak condition
